All Year Round - Perfect Sound!

The AS-06 outdoor speaker system provides legendary athena sound quality, but is designed for use in any room and in any environment. Your backyard, patio, or deck can be converted into a relaxing space with the superior fidelity of an athena TECHNOLOGIES® speaker system.

The AS-06 has been engineered to perform flawlessly in cold or warm temperatures, and in any relative humidity. Utilizing a 6-1/2" high power injection molded woofer and athena's 1" Teteron tweeter, the AS-06 will yield simply awesome sound. The results are powerful and dynamic, all at a very affordable price.

The AS-06 is available in either white or black finishes and easily installed using the included flexible mounting system.
